THE OCALA RIFLES

This flourishing military organization held an excellent drill Monday night and will have another this evening.

Captain McKean and Lieutenant J. R. Moorhead are active in their efforts to build up this company to its former full ranks and military éclat.

There is no reason why this should not be the case. The company has always been a credit to the town and one our people looked upon with pride.

A LIFE AND DEATH FIGHT

Mr. W. A. Hines, of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50c and \$1. Trial bottles at Garrett & Gerig's, Ocala, Fla., and all other druggists.

LOCAL LEGISLATION

Draining City Ponds Discussed—The Cow Man's Office Vacant.

No Choice for Night
Policeman

The city council held its regular mid-month meeting last night, with the following members present:

Chairman McConathy and Aldermen Delouest, Carmichael, Helvenston, Hocker, Edwards, Davis and Scott.

Minutes of previous meeting were read and approved. J. R. Moorhead was present and asked if the city would allow tax certificates to be redeemed in the same manner as the state. Mr. Hocker explained the law and Judge McConathy suggested that Mr. Moorhead make a specific request in writing and present it at the next regular meeting.

A communication was read from Dr. Izlar, as president of the city board of health, in re draining Taylor's pond and urged the necessity of the work being done, which was strongly seconded by Dr. Newsom. In the communication Dr. Izlar stated that Mr. Hamilton, the well driller, offered to drain the pond by means of bored wells, at a cost \$3.50 per foot, and estimated that the wells would have to be sunk to a depth of 150 to 200 feet. The matter was discussed freely and Mr. Davis motioned to refer it to the sanitary committee and have them secure bids on the work and report at the next meeting of the council. In this connection Mr. Scott brought up the matter of draining a little pond that exists in wet weather in front of Mr. Ford's residence, on property owned by Mr. Drew, and urged its drainage. On motion of Mr. Scott, the matter was referred to the sanitary committee, with instructions to report on the matter at the next meeting. Mr. Hocker thought that, as the pond was on the land of a private individual, the work should be done at his expense.

Mr. Hocker moved that the city dispend with the services of the cow man, as he was not profitable to the city. The clerk stated that the man had resigned several days ago and the place was vacant. Mr. Hocker withdrew his motion. Mr. Davis made a motion, which was seconded by Mr. Scott, that the marshal be instructed to employ another man to take his place. A vote was taken and the motion lost. Mr. Davis made a motion that the city employ a man for each ward to clean the streets and sidewalks after the cattle, but this was also lost.

Mr. Scott made a motion that property owners on Fort King avenue and Magnolia street be required to repair the sidewalks in front of their property, and that the marshal serve them with notices to that effect. Carried. Mr. Davis made a motion that the night police and city marshal be empowered to impound cattle, to employ such assistance as may be necessary, and that they be fined for any failure to do so. Mr. Scott seconded the motion and it was carried. Mr. Hocker thought the motion too broad, but Mr. Scott remarked that we would try it for a month and see how it works.

The following applications were read asking for the position of night police, to fill the place vacated by Mr. McDavid: S. E. Rowe, W. B. Stevens, Henry A. McConn, John R. Duke and W. N. Milling. Six ballots were taken and no election. The first ballot stood: Duke 2, Milling 2, Rowe 4. The sixth ballot stood: Milling 1, Duke 3, Rowe 3, Stevens 1. On motion of Mr. Davis, the council adjourned.

IN THE CIRCUIT COURT

A Jury Secured for the Myers Trial and Examination of Witnesses Commenced

After consuming all of yesterday, a jury of twelve men was secured for the trial of Nicholas and Robertson Myers and Mack Jamerson, charged with the murder of I. O. Arms, in December, 1897, and during the body. The jury is as follows: Geo. W. Cleveland, J. A. Tompkins, J. M. Mathews, B. H. Norris, Fred Lucius, E. L. Ferguson, E. A. Smith, A. J. Albritton, John T. Whittington, J. B. Warnock, J. A. Jones and W. L. Smith. After the jury was secured there were only five men left of the special panel of 126 that had been summoned. The selection of this jury was a big undertaking in itself and more than one good laugh was raised by the questions asked by Mr. Carter for the state and Mr. Bullock for the defense, and one good one, at least, was on the star.

This morning, Wednesday, the examination of the witnesses was begun and Mrs. Arms, the widow of the murdered man, was the first witness placed on the stand. Her testimony was well given and principally concerns the disappearance of Mr. Arms, his whereabouts and occupation that day, and the search when he was missed, hearing a gunshot in the direction in which he was working, what he wore, and little things he had on his person, etc., etc. It was almost noon when she was called down.

Mrs. D. M. Hick accompanied Mrs. I. O. Arms to the court house today and listened to Mrs. Arms' evidence.
